Quick Facts:

- Commercial quality bucket swing seat for added support and comfort and a steel insert to resist vandalism.
- **OPTIONAL:** Add your choice of type and length of chain to your swing.
- Plastisol coating extends 30 inches up the half coated chain and all the way up the fully coated chain.
- The chain length for the 8 ft high beam is 66 inches and the chain length for the 10 ft beam is 90 inches.
- Chain is factory-attached to swings using galvanized s-hooks.
- Designed with strict adherence to the rigorous public playground safety standards (ASTM & CPSC).
- Many colors available to turn any playground into a stimulating play environment!

Warranty:

- Limited 1-Year Warranty on all plastic components and Child Works[®] components.
