Classroom Cruiser - Parts

Before beginning, you should have:

★ **Additional tools required: Adjustable wrench**

Tips for Assembly - Using this Manual

Watch for These Helpful Symbols

This symbol denotes a 2 Person Task. For safety, please ensure that there are two people working on steps displaying this symbol

2 Person

Watch for this symbol throughout the Assembly Instructions. Wherever you see it, pay close attention. The symbol denotes a step needing extra attention to ensure it is done correctly

The Star symbol highlights an advisory note

Before You Begin

- Layout and identify all of the included parts
- The hardware has been packed according to size, separate them based on those sizes
- Read the assembly instructions over once to familiarize yourself with them
- Please note that in its unassembled state, this product contains parts that can be a hazard to small children; it should be assembled by an adult.

As You Assemble the Unit

- Follow the steps in sequence
- Before beginning each step, find the part(s) that you need for that step
- Pay attention to the labeling on the parts, they are there to help direct you at certain stages
- The title of each step states what you will be doing. Review the text and the pictures as you build the unit.

After Assembly; Before Use

- Remove the plastic film from the Whiteboard before writing on it
- Clean the Whiteboard surface well with soapy water and then rinse clean; or clean the board well with Soy Safe (Copernicus Product #AC405)
- We recommend expo brand markers for all our whiteboards. Be sure to replace your markers when needed.

★ **DO NOT TIGHTEN ANY FASTENERS UNTIL PROMPTED!**

1

Actual Size:

40mm
x 2

6mm
x 2

You will need: (Not to Scale)
