Regal® Reading Writing Center - Parts

Before beginning, you should have:

Contents - Box 1

- Base 2x 
- Center Frame 1x 
- Lower Frame 1 Left, 1 Right 2x 
- Upper Frame 1 Left, 1 Right 2x 
- Front Frame Support 2x 1 Left, 1 Right 
- 3" Caster 4x 
- Chart Loop Hook 2x 
- Rear Whiteboard Hook 2x 
- Front Frame 1x 
- Ultra Safe Premium Book Ledge 1x 
- Stretcher 2x 
- Spacer 2x No Thru Holes 
- Whiteboard Channel 1x 
- Tub Channel 4x 
- Removable Rear Whiteboard 1x 

Hardware Actual Size

In Box 1

- A 16x 
- B 2x 
- C 10x 
- D 18x 
- E 10x 
- F 10x 
- G 2x (Not to Scale) 
- H 1x 

Contents - Box 2

- Open Tub 4x 

★ **Additional tools required: Adjustable wrench** 

Tips for Assembly - Using this Manual

Watch for These Helpful Symbols

This symbol denotes a 2 Person Task. For safety, please ensure that there are two people working on steps displaying this symbol

2 Person Task

Watch for this symbol throughout the Assembly Instructions. Wherever you see it, pay close attention. The symbol denotes a step needing extra attention to ensure it is done correctly

The Star symbol highlights an advisory note

Before You Begin

- Layout and identify all of the included parts
- The hardware has been packed according to size, separate them based on those sizes
- Read the assembly instructions over once to familiarize yourself with them
- Please note that in its unassembled state, this product contains parts that can be a hazard to small children; it should be assembled by an adult
- If you have a cordless drill, a hex head driver bit has been included for use. This will help to speed up assembly. Make sure that the torque is on a low setting, to ensure the bolt head does not get stripped

As You Assemble the Unit

- Follow the steps in sequence
- Before beginning each step, find the part(s) that you need for that step
- Pay attention to the labeling on the parts, they are there to help direct you at certain stages
- The title of each step states what you will be doing. Review the text and the pictures as you build the unit

After Assembly; Before Use

- Remove the plastic film from the Whiteboard before writing on it
- Clean the Whiteboard surface well with soapy water and then rinse clean

★ Do not tighten any fasteners, unless instructed

1

Actual Size:

You will need: (Not to Scale)

Base x 2

Caster x 4

Install Casters

! You should begin the installation with the brakes in the UP position

Note: The front of the Base is the end with the brake mechanism

- Press Casters firmly into the base
 - Caster will click into place
 - If necessary, place a wrench between the wheels & tap in with a rubber mallet.
- Repeat for remaining Base

2

Actual Size:

A
x 4

D
x 4

You will need: (Not to Scale)

Center Frame x 1

Rear Frame Lower x 2

Install Center Frame & Rear Frame Lower

! Use L & R stickers on the Rear Frame Lower to help you distinguish the Left & Right side of the unit when looking at it from the Front

- Slide Center Frame into the front holes of the Base & Lower Frames into the rear holes of the Base
 - Fasten with four Bolt A's & Washer D's
 - Tighten bolts

! Front of the Base is the end with the Brake

! Note - Front of base is the end with the brake

3

Actual Size:

A
x 4

D
x 4

You will need: (Not to Scale)

Stretcher x 2

Rear Frame Upper x 2

Rear Whiteboard Hook x 2

Build Rear Frame

- 1** ● Slide Rear Frame Upper Assembly onto Rear Frame Lower Assembly
 - Use the L & R stickers to help you determine which goes on which side
- 2** ● Align one of the Stretchers with the holes that will connect the Lower Frame to the Upper Frame
 - Fasten with two Bolt A's & Washer D's
 - Tighten bolts
- 3** ● Align the remaining Stretcher with the holes in the Upper Frame
 - Slide Rear Whiteboard Hooks on before fastening
 - Fasten with two Bolt A's & Washer D's
 - Tighten bolts

4

Actual Size:

A
x 2

D
x 2

You will need: (Not to Scale)

Front Frame Support x 2
1 Left, 1 Right

Install Front Frame Supports

- Align the end of the Left Front Frame Support marked with a Left sticker with the hole marked with a dot sticker in the Center Frame on the left side.
 - Fasten with one Bolt A & Washer D
 - Tighten bolt
- Repeat for Right side
 - Ensure that the Front Frame Supports angle outward; there is a definite Left & Right, ensure that each is on the correct side

5

Actual Size:

You will need: (Not to Scale)

Tub Channel x 4

Install Tub Channels

- ! ● Identify the Top & Bottom of the Tub Channels
- Align a Tub Channel with the matching Top & Bottom holes in the Rear Lower and/or Center Frame
 - Fasten with two Bolt C's, Barrel Nut F's & Washer E's
 - Tighten bolts

6

Actual Size:

A
x 4

D
x 4

You will need: (Not to Scale)

Spacer x 2
No Thru Holes

Install Spacers

- Align one Spacer with a set of holes on the Center Frame and lower Stretcher
 - Fasten with two Bolt A's & Washer D's
 - Tighten bolts
- Repeat for remaining Spacer

7

Actual Size:

You will need: (Not to Scale)

Front Frame Assembly x 1

Whiteboard Channel x 1

Build Front Frame Assembly

- Slide Whiteboard as far upwards as it will go
- Slide Whiteboard Channel up to the bottom of Whiteboard surface
- Fasten the Whiteboard Channel in place
 - Use two Bolt C's, Washer E's & Barrel Nut F's
 - Tighten fasteners

1 ●

2 ●

3 ●

8

Actual Size:

A
x 2

D
x 4

B
x 2

You will need: (Not to Scale)

Front Frame Assembly x 1

Attach Whiteboard

- Put Brakes in the locked/down position to hold the unit steady
- Align the holes in the Front Frame Assembly with the Rear Frame and the Front Frame Supports

- It is easiest to fasten the top first, then the bottom bolts

For Top two Holes:

- Fasten with two Bolt B's & Washer D's
- Tighten Bolts

For Bottom two Holes:

- Fasten with two Bolt A's & Washer D's
- Tighten Bolts

- ! ● Peel off the plastic film on the Whiteboard before use

Top Two Holes:

Bolt B

Washer D

Peel plastic film before use

Bottom Two Holes:

Bolt A

Washer D

You will need: (Not to Scale)

Book Ledge x 1

Install Book Ledge

- Note: There are multiple locations on the side of the Whiteboard to install the Book Ledge. Choose the location that works the best for your classroom.
- Insert one hook into the appropriate hole on one side of the Whiteboard Frame
- Pull out opposite hook & snap into place
Note: The spring tension is designed to discourage children from unhooking the Book Ledge

You will need: (Not to Scale)

Open Tub x 4

Place Tubs into Unit

- Angle the Tubs slightly when inserting into the Channel; tilt to fit over stop rib, and then slide into place
- In position, tubs will slide smoothly in the Channels & be stopped from sliding out unintentionally

You will need: (Not to Scale)

Chart Paper Hooks x 2

Attach Chart Paper Hooks

- Place an empty hardware bag over the frame to prevent the unit from being scratched
- Hooks snap onto the frame easily
- Slide bag free once the Hook has been snapped onto the Frame
