Little Sprouts Tres

Little Sprouts Tres

MORE WAYS TO PLAY AND GROW TOGETHER.

Little Sprouts Tres combines a double slide with ground-level sensory activities for children ages 6–23 months.

The side-by-side sliding experience creates opportunities for parallel play, while colorful panels invite children to explore through touch and sight. Its low play elements and open layout support early discovery in infant care programs, learning centers, and community play areas.

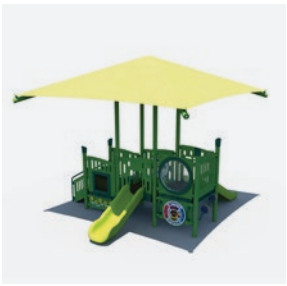

Commercial-grade construction provides durability for shared play environments.

Without integrated shade.

With integrated shade.

SPECIFICATIONS		
Age group	/	6-23 months
Capacity	/	24 children
Fall height	/	2' 6"
Use zone*	/	25' x 25'
Structure Size		13' × 13'

PLAY EXPERIENCE
Double slide
Ground-level sensory panels
Low-level play elements
Open-air design

DEVELOPMENTAL BENEFITS
Parallel play
Tactile exploration
Visual engagement
